### **MRS CATHERINE DEAN FRANCIS**

whose kindly personality and sincere Christian character won for her hosts of friends on the Hill and in the community of Pikeville.

It is said of her—no one knew her who wasn't better for having known her.

Although small of stature, she had a bigness of heart that had no bounds. She was inflexible in her principles . . . never sought prominence . . . full of wisdom, giving freely of her priceless advice.

To the memory of Mrs. Catherine Dean Francis the Staff of the 1945 Highlander affectionately dedicates this volume.

**PRESIDENT A. A. PAGE, B.A., M.A.**

"Not to be ministered unto, but to minister."

Pikeville College honors, loves, and pledges supreme loyalty to Mr. A. A. Page, who has been President since October, 1941. Students and faculty have found him to be the embodiment of culture, refinement, and Christian ideals.

There is nothing too small, and nothing too great, to receive his attention. His sense of humor, his geniality, and his untiring efforts in behalf of the College have made for him a big place in the hearts of students and faculty.

Mr. Dorsey came to Pikeville College last September from Vanceburg, Kentucky, where he was principal of Lewis County High School.

His kindly words of advice, his warm friendly smile, and his million-dollar personality have already won for him the respect of everyone on the campus.

In addition to his duties as Acting Dean, he teaches Psychology and Education, and has already proved his ability in the classroom.

His philosophy is "To Study, Play, and Live a Useful Life."

## *Spiritual Emphasis Week*

Religious life on the campus is an important part of Pikeville College.

Every morning, students and faculty gather in the Chapel for a half hour of devotions. The Doxology on the chimes strikes the keynote of reverence at the beginning of each chapel period.

As a climax to the spiritual life on the campus, Spiritual Emphasis Week is set aside as a time when every person on the campus

may turn the spotlight on himself to determine his relationship with God.

This year the week of March 25 through March 30 was set aside at which time the Reverend Jesse R. Wilson, D.D., of New York City was our leader.

During this week, a number of students made a public confession of their faith in Christ, and a number of others rededicated their lives to their Master.

# *YWCA*

The Young Women's Christian Association of the College, sponsored by Miss Elizabeth North, is one of the best organized and most loved groups on the campus.

Tuesday evening of each week is a date on the calendar of every member of the organization. All gather in the parlor of Derricana to enjoy a half hour of hymns, prayer, and a carefully planned program. Marjorie Hamlin has been our very capable president this year.

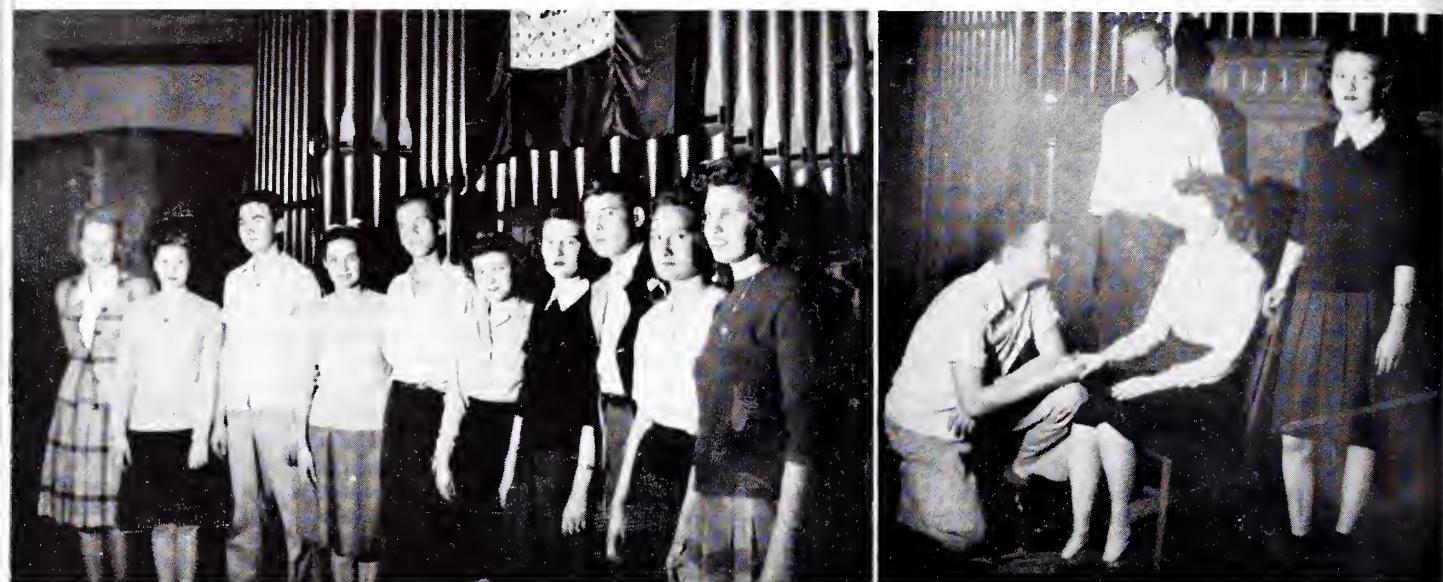

The members are divided into four groups, each led by a faculty member, and each being responsible for one meeting a month.

A wide variety of programs has been given

this year, including guest speakers, short plays, Bible Quiz programs and programs of songs and instrumental music.

The girls will long remember Pollyanna Week, which was the week just before Christmas. Names were drawn and many acts of kindness were done "on the sly" by the Pollyannas. The week culminated in a Christmas party when the Pollyannas were revealed to one another.

The members are greatly indebted to their leaders for the Christian love and fellowship that has helped to bind the girls closely together. May the good work of this organization live forever.

## Dramatics Club

On March 22 the Pikeville College Players presented a full-length dramatic feature. The plot involved a grand mix-up in which a couple of babies are lost in an experimental laboratory.

The Pikeville College Commercial Club is one of the largest and most active clubs on the campus. Its membership includes not only students who are enrolled in the college but former students and other persons who

are interested in the development of qualities that make a good secretary.

Meetings are held once a month when a guest speaker is invited or there is a discussion among the members. Occasionally there is a social meeting.

The Spanish Club has been organized for the purpose of giving the Spanish classes of the college a better opportunity to become acquainted with our Spanish speaking neighbors.

Through the magazine and newspaper reports given by each member, they learn of the customs and conditions of these countries

and of the Inter-American situations.

During the first ten minutes of the meetings the members divide into small groups of two or three each to converse in Spanish.

Meetings are held once a month, at the time of the regular class period. Occasionally there is an evening social meeting.

# A POSTROPHE TO THE HILLS WE LOVE

By William M. Justice

(Dedicated to the fine spirits—those who have passed on to the Better Land, and those who are still among us in person—who have made Pikeville College, that school set on a lovely hill in the heart of the Kentucky mountains, an

institution whose beautiful soul keeps our eyes perpetually lifted, in a spirit of Christian service, unto our beloved hills, from whence cometh our help forever and ever and ever.)

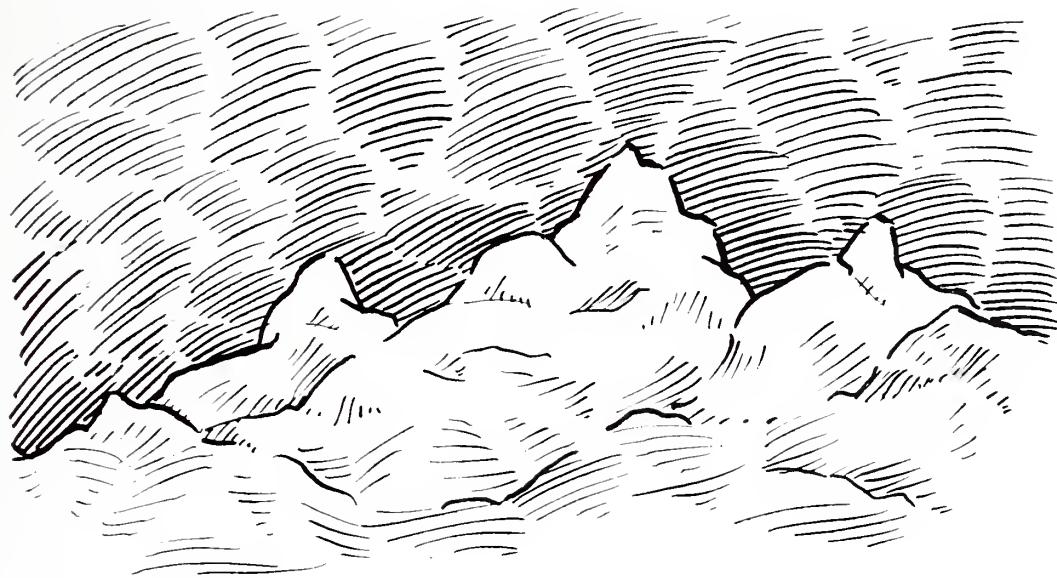

**WILLIAM M. JUSTICE**

Teacher - Author - Lecturer  
Pikeville, Kentucky

O everlasting hills, we love you with  
Our minds and hearts and never-dying souls:  
We lift our eyes unto you when the dawn  
Writes rosy pictures on the eastern sky  
And when the sun sinks down and leaves the West  
Aflame with golden beauty poet's pen  
Nor painter's brush has ever yet released.

O ever-changing hills, we love you when  
The first sweet violets burst along the banks  
Of singing streams your crystal snows have fed;  
When bluebirds come, and all their followers  
Make glad your every slope and deep recess  
With harmonies that man may wonder at,  
But sadly knows he never can surpass;  
When myriad blooms are playing hide-and-seek  
From every chamber of your charming heart;  
When all your trees are clad in emerald,  
Parading youth that fain would last always;  
And even more when shining green recedes  
And lets the purple, gold, and crimson stand  
And speak of peace, mysterious beyond  
The mind and heart of man to comprehend;  
And most of all perhaps when chilling winds  
Disrobe you and you stand, bare-breasted, still  
And patient, brave, impregnable, your love,  
Mighty and infinite, protecting life  
We know shall wake again with each glad spring.

O everlasting, ever-changing hills,  
Because you are our own, our very own,  
Forever and forever we shall love  
You with a love that time nor tide shall dim,  
Forever and forever we shall lift  
Our eyes unto your heights and be inspired  
To live and love and serve increasingly.

## HOW THEY WERE CHOSEN

The choice of the Academy typical boy and girl, and the College typical boy and girl, was not "just another popularity contest." The staff prepared a list of personal questions and distributed questionnaires to every student on the campus.

In compiling results, the average answer to every question was computed. Then each questionnaire was again checked, this time against the average, and all but a few students were eliminated.

(Concluded on next page)

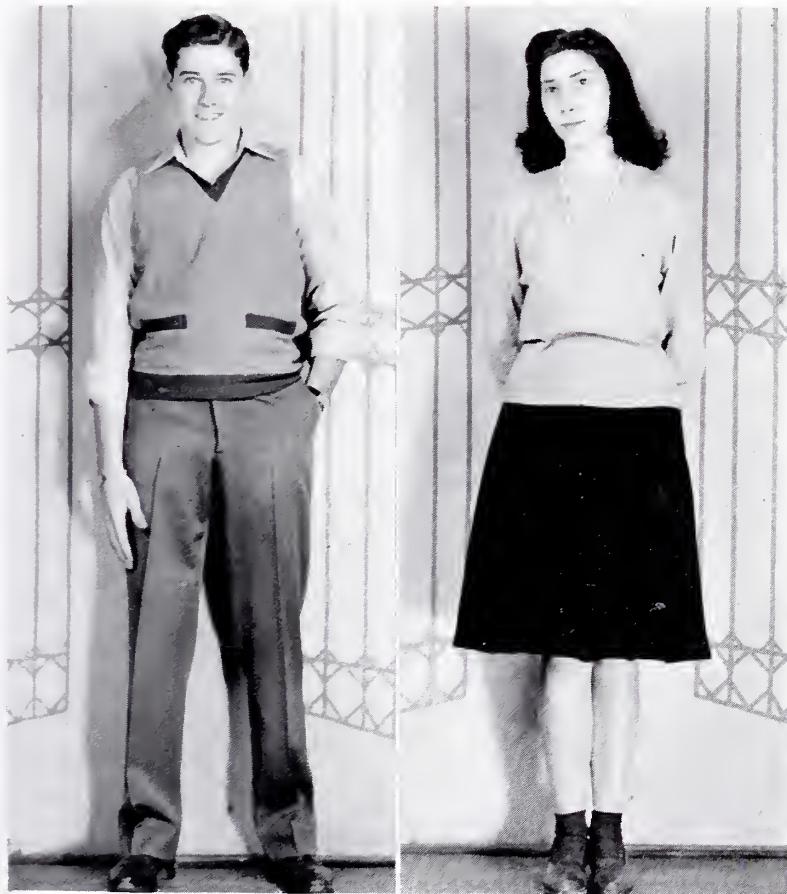

Billie Carmen Greer and Donald Brewer are the typical girl and boy of Pikeville Academy. Billie and Donald came closest to the typical characteristics of the Academy students.

**Miss Spilman and her Biology Class**

In 1926 the "biology department" moved into college. Right then and there the fun began, for fourteen ambitious young men and women started their tours of acquaintance with the trees, flowers, and "bugs" of the neighborhood.

Today you will find something like \$4000 worth of equipment and exhibitions. The exhibitions—all the way from wild flowers gardens to sea shells—are a memory book to Miss Spilman of the students that have come and gone. It is they who have trucked and carried the big rocks of the wild flower garden, collected the flowers and insects, mounted the tree studies, made or secured most of the odds and ends exhibits. P.C. students can justly take pride in the work of their hands. Yes, students armed with boxes and nets, and making wild dashes hither and yon, are an old story to the inhabitants of Pikeville.

It is to be hoped that many a teacher will go out to enchant her pupils with the winter tam-o-shanters of the dogwood, the dry tassels of the sourwood, the two protecting "hands" of the tulip tree, and the bombarding cones of the witch hazel. We believe this is a beautiful and interesting world.

# *Carrying On . . .*

In this War period as in Peace time . . . The Gray Printing Company is "Carrying On"!

War Economy has demanded many unusual types of printing, and releasing many of our men to the Armed Forces has resulted in major changes in our organization . . . At the same time we are trying to maintain the

best in quality and skilled craftsmanship, which has been an unwritten trademark of The Gray Printing Company for fifty-five years.

You will continue to receive from "Gray" this quality and service so far as it is possible under existing circumstances.

## ANNUALS FOR MORALE

MORE THAN EVER BEFORE in the past twenty-five years is there a genuine need for a Yearbook. Very often annuals are the only substantial source of pictures and activities in which former students participated. It is a history of

four years that will prove invaluable to the families and sweethearts of the boys who are serving in the Armed Forces. We are proud to have had the privilege of being a part in the planning and execution of this fine book.
